

Product Environmental Declaration

Product: CALAIR-PR-1F and CALAIR-PR-2F

Product weights (gram)

Total: 467 _____ Electronics: 273 _____ Cover: 194 _____

Major component materials in the product:

Cover: ABS
Printed circuit board: FR4
Electronic components: RoHS compliant
Terminals: Polyamide and nickel plated copper alloy
Fasteners (screws, washers etc.): Steel, FZB-coating

Environmental impact during manufacturing:

There are no harmful chemicals used in manufacturing.
There is no documented information on energy consumption for the manufacturing process.

Environmental impact during operation:

There are no known environmental effects of the product in use.

Recommended handling of the product at end-of-life:

The product shall be disposed of in accordance with European WEEE directive. The product is marked with "Wheelie Bin" logo to indicate this requirement.
